AVOID DELAY

Ship early to avoid delays. Shipments arriving late at show site will cost you money, time and business!

SAFETY TIPS

Use a ladder, not a chair. Standing on chairs, tables and other rental furniture is unsafe and can cause injury to you or to others. These objects are not designed to support your standing weight.

Be aware of your surroundings. You are in an active work area with changing conditions during move-in and move-out. Pay attention. Look for obstacles, and machinery and equipment that are in use.

Keep your eyes open for scooters and forklifts. The drivers of these vehicles may not be able to see you.

Stay clear of dock areas, trucks and trailers. These areas can be particularly dangerous.

Prevent electrical shocks, falling items and damage to materials. Do not attach items or equipment to the drapes or metal framework provided for you booth. This can cause serious injury or damage to materials.

We discourage children from being in the exhibit hall during installation and dismantle. If children are present during installation and dismantle, they must be supervised by an adult at all times.

Freeman does not ship or handle Hazardous Materials. If any materials you are shipping to the event fall into this category, please contact Freeman to be sure that the material will be allowed at the facility and by the association. In addition, if authorized by the facility and the association, you will need to make separate arrangements for the transport and handling of the approved materials, since Freeman will not transport or handle them.

The operation or use of all motorized lifts and motorized material handling equipment for installation/dismantle of exhibits is NOT permitted by exhibitors or by their exhibitor appointed contractors (EACs). Thank you for your cooperation

Call Exhibitor Support at (888) 508-5054 with any questions or needs you may have.

Interested in going green and saving money?

Follow these tips to make sure your sustainable booth strategies are cost-neutral or even cost-saving! Leave an impact on the show floor, not the environment.

1 *booth structure*

Option 1 Multiple Use

Use **Forest Sustainable Certified (FSC)** wood to build your booth and crates.

Get creative! Design your booth with a **small shipping footprint** to minimize carbon emissions. Freeman's eye-catching stretch-fabric booth designs pack up small (and light!) for shipping.

Option 2 One-time Use

Rent locally from nearby Freeman offices to reduce both shipping costs and carbon emissions.

2 *carpet*

Option 1 Rent

Rent rather than buy carpet to save on shipping, cleaning, and storage. Freeman Classic carpet can be reused at least four times.

Option 2 Color

Use darker-colored carpet, which is easier to reuse and recycle. Freeman Classic dark-colored carpets are made of 20-50 percent recycled content.

3 *shipping*

Online + before deadline = better bottom line. Take advantage of early-bird pricing and consolidate shipping when ordering supplies.

Choose reusable shipping padding. Avoid packing peanuts and foam plastic materials that never decompose.

Ship early. Use the 30-day policy to ship materials to the Freeman advance warehouse.

4 *graphics*

Option 1 Multiple Use

Print on a durable substrate **without dates, event names, or locations.**

Option 2 One-time Use

Print on 100 percent recyclable materials like Freeman Honeycomb and Smartbuild Eco, which are just as cost-effective as PVC.

5 *printing*

Reduce printing and **go digital** with your booth literature.

Print locally. Supporting local businesses while reducing shipping? It's a win-win.

Print on at least **50 percent post-consumer recycled paper.**

6

ON SITE

save energy

Use Energy Star-rated equipment for audio-visual equipment and monitors.

Power down. Turn off equipment at the end of each day.

Light up your booth with CFLs, LEDs, or other energy-efficient lighting.

MOVE OUT

train your team

Educate your installation and dismantling teams about **recycling and donation processes**.

8

shipping out

Pack in, pack out.

Leave no traces on show site.

Join a caravan.

If you're shipping directly to another show, ask **Freeman Transportation** about **joining a caravan** to your next show.

leftover materials

Remember to label.

Clearly **label recyclable leftover material** for disposal.

Donate the rest.

Ask the Freeman Exhibitors Services desk about local donation programs.

WHAT ARE FREIGHT SERVICES?

.....

As the official service contractor, Freeman is the exclusive provider of freight services. Material handling includes unloading your exhibit material, storing up to 30 days in advance at the warehouse address, delivering to the booth, the handling of empty containers to and from storage, and removing of material from the booth for reloading onto outbound carriers. It should not be confused with the cost to transport your exhibit material to and from the convention or event. You have two options for shipping your advance freight — either to the warehouse or directly to show site.

HOW DO I SHIP TO THE WAREHOUSE?

- We will accept freight beginning 30 days prior to show move-in.
- To check on your freight arrival, call Exhibitor Services at the location listed on the Quick Facts.
- To ensure timely arrival of your materials at show site, freight should arrive by the deadline date listed on the Quick Facts. Your freight will still be received after the deadline date, but additional charges will be incurred.
- The warehouse will receive shipments Monday through Friday, except holidays. Refer to the Quick Facts for warehouse hours. No appointment is necessary.
- The warehouse will accept crates, cartons, skids, trunks/cases and carpets/pads. Loose or pad-wrapped material must be sent directly to show site.
- All shipments must have a bill of lading or delivery slip indicating the number of pieces, type of merchandise and weight.
- Shipments received without receipts or freight bills, such as Federal Express and UPS, will be delivered to the booth without guarantee of piece count or condition.
- Certified weight tickets must accompany all shipments.
- Warehouse freight will be delivered to the booth prior to exhibitor set up.

HOW DO I SHIP TO SHOW SITE?

- Freight will be accepted only during exhibitor move-in. Please refer to the Quick Facts for the specific exhibitor move-in dates and times.
- All shipments must have a bill of lading or delivery slip indicating the number of pieces, type of merchandise and weight.
- Shipments received without receipts or freight bills, such as Federal Express and UPS, will be delivered to the booth without guarantee of piece count or condition.
- Certified weight tickets must accompany all shipments.

WHAT ABOUT PREPAID OR COLLECT SHIPPING CHARGES?

- Collect shipments will be returned to the delivery carrier.
- To ensure that your freight does not arrive collect, mark your bill of lading "prepaid."
- "Prepaid" designates that the transportation charges will be paid by the exhibitor or a third party.

HOW SHOULD I LABEL MY FREIGHT?

- The label should contain the exhibiting company name, the booth number and the name of the event.
- The specific shipping address for either the warehouse or show site is located on the Quick Facts.

HOW DO I ESTIMATE MY MATERIAL HANDLING CHARGES?

- Charges will be based on the weight of your shipment. Each shipment received is billed individually and is subject to the applicable show weight minimum. The shipment weight will be rounded to the next 100 pounds. Each 100 pounds is considered one "cwt." (one hundred weight). All shipments are subject to reweigh.
- On the Material Handling Order Form, select whether the freight will arrive at the warehouse or be sent directly to show site.
- Next, select the rate for the freight category that best describes your shipment. There are four categories of freight:

Crated: material that is skidded or is in any type of shipping container that can be unloaded at the dock with no additional handling required.

Special Handling: material delivered by the carrier in such a manner that it requires additional handling, such as ground unloading, stacked and constricted space unloading, designated piece unloading, loads mixed with pad-wrapped material, loads failing to maintain shipping integrity, and shipments that require additional time, equipment or labor to unload. Federal Express and UPS are included in this category due to their delivery procedures.

Uncrated: material that is shipped loose or pad-wrapped, and/or unskidded machinery without proper lifting points.

Carpet and/or Pad Only: shipments that consist of loose carpet and/or padding only require additional labor and equipment to unload.

- All inbound and outbound shipments are subject to overtime charges if the shipments are received, loaded or unloaded during the overtime hours specified on the Material Handling Order Form. This includes both warehouse and show site shipments.
- Add any late delivery or off-target charges listed on the Material Handling Order Form if the freight will be received after the deadlines listed on the Quick Facts.
- The above services, whether used completely or in part, are offered as a package and the charges will be based on the total inbound weight of the shipment.

WHAT HAPPENS TO MY EMPTY CONTAINERS DURING THE SHOW?

- Pick up "Empty Labels" at the Freeman Service Center. Once the container is completely empty, place a label on each container individually. Labeled empty containers will be picked up periodically and stored in non-accessible storage during the event.
- At the close of the show, the empty containers will be returned to the booth in random order. Depending on the size of the show, this process may take several hours.

HOW DO I PROTECT MY MATERIALS AFTER THEY ARE DELIVERED TO THE SHOW OR BEFORE THEY ARE PICKED UP AFTER THE SHOW?

- Consistent with trade show industry practices, there may be a lapse of time between the delivery of your shipment(s) to your booth and your arrival. The same is true for the outbound phase of the show — the time between your departure and the actual pick-up of your materials. During these times, your materials will be left unattended. We recommend that you arrange for a representative to stay with your materials or that you hire security services to safeguard your materials.

HOW DO I SHIP MY MATERIALS AFTER THE CLOSE OF THE SHOW?

- Each shipment must have a completed Material Handling Agreement in order to ship materials from the show. All pieces must be labeled individually.
- To save time, complete and submit the Outbound Shipping Form in advance, or you may contact the Freeman Service Center at show site for your shipping documents.
- Once we receive your outbound shipping information we will create your Material Handling Agreement and shipping labels. If the shipping information is provided in advance, the Material Handling Agreement will be delivered to your booth with your invoice. Otherwise the Material Handling Agreement and labels will be available for pick up at the Freeman Service Center.

- After materials are packed, labeled, and ready to be shipped, the completed Material Handling Agreement must be turned in at the Freeman Service Center.
- Call your designated carrier with pick-up information. Please refer to the Quick Facts for specific dates, times and address for pick up. In the event your selected carrier fails to show by the final move-out day, your shipment will either be rerouted on Freeman's carrier choice or delivered back to the warehouse at the exhibitor's expense.
- For your convenience, approved show carriers will be on site to book outbound transportation if you have not made arrangements in advance.

WHERE DO I GET A FORKLIFT?

- Forklift orders to install or dismantle your booth after materials are delivered may be ordered in advance or at show site. We recommend that you order in advance to avoid additional charges at show site. Refer to the Rigging Order Form for available equipment.
- Advance and show site orders for equipment and labor will be dispatched once a company representative signs the labor order at the Freeman Service Center.
- Start time is guaranteed only when equipment is requested for the start of the working day.

DO I NEED INSURANCE?

- Be sure your materials are insured from the time they leave your firm until they are returned after the show. It is suggested that exhibitors arrange all-risk coverage. This can be done by riders to your existing policies.
- All materials handled by Freeman are subject to the Terms and Conditions, which can be found in the exhibit service manual or online at www.freeman.com.

Also included are shipment integrity, alternate delivery locations, mixed shipments, and shipments without individual bills of lading. Shipments loaded in this manner require additional time, labor, or equipment, to unload, sort and deliver.

What is Ground Loading/Unloading?

Vehicles that are not dock height, preventing the use of loading docks, such as U-hauls, flat bed trailers, double drop trailers, company vehicles with trailers that are not dock level, etc.

What is Constricted Space Loading/Unloading?

Trailer loaded "high and tight" shipments that are not easily accessible. Freight is loaded to full capacity of trailer – top to bottom, side to side. One example of this is freight that is loaded down one side of a trailer that must be bypassed to reach targeted freight.

What is Designated Piece Loading/Unloading?

Drivers that require the loading crew to bring multiple pieces of the freight to the rear of the trailer to select the next piece, having to remove freight from the trailer then reload to fit or the trailer must be loaded in a sequence to ensure all items fit.

What are Stacked Shipments?

Shipments loaded in such a manner requiring multiple items to be removed to ground level for delivery to booth. Stacked or "cubed out" shipments, loose items placed on top of crates and/or pallets constitute special handling.

What is Shipment Integrity?

Shipment integrity involves shipments on a carrier that are intermingled, or delivered in such a manner that additional labor is needed to sort through and separate the various shipments on a truck for delivery to our customers.

What is Alternate Delivery Location?

Alternative delivery location refers to shipments that are delivered by a carrier that requires us to deliver some shipments to different levels in the same building, or to other buildings in the same facility.

What are Mixed Shipments?

Mixed shipments are defined as shipments of mixed crated and uncrated goods, where the percentage of uncrated is minimal and does not warrant the full uncrated rate for the shipment, but does require special handling. Freeman defines special handling for mixed loads as having less than 50% of the volume as uncrated.

What does it mean if I have "No Documentation"?

Shipments arrive from a small package carrier (including, among others, Federal Express, UPS, & DHL) without an individual Bill of Lading, requiring additional time, labor and equipment to process.

What is the difference between Crated and Uncrated Shipments?

Crated shipments are those that are packed in any type of shipping container that can be unloaded at the dock with no additional handling required. Such containers include crates, fiber cases, cartons, and properly packed skids. An uncrated shipment is material that is shipped loose or pad-wrapped, and/or unskidded without proper lifting points.

What about carpet only shipments?

Shipments that consist of loose carpet and/or carpet padding only require additional labor and equipment to unload.

CUSTOMER GUIDELINES FOR SUBMITTING GRAPHICS ARTWORK

Our goal is to provide you with the best possible quality graphics for your event or exhibit. You can help us in that effort by providing digital art files using the following guidelines. If you are sending us completed, print-ready files, please pass the following information on to your graphics designer or art department. Artwork must be submitted in the proper resolution and/or file size to produce quality images. Please provide proper color matching information and proofs to ensure accurate color reproduction.

PLEASE PROVIDE THE FOLLOWING WHEN SUBMITTING ART

RASTER ART (photos, logos containing any continuous tone images):

- Art submitted at 1:1 (100%), resolution should be no less than 60 dpi (100 dpi preferred)
- Art submitted at 2:1 (50%), resolution should be no less than 120 dpi (200 dpi preferred)
- Art submitted at 4:1 (25%), resolution should be no less than 240 dpi (400 dpi preferred)

VECTOR ART:

- Logos should be vector and have outlined fonts (if provided as bitmap, please use high-res images)

FONTS and LINKS

- Supply all fonts used in your design (zip Mac fonts). If unsure how to collect fonts, convert them to outlines
- Supply all links used in your document. Use packaging feature if available. If unsure how to collect links, embed them in the file when saving.

COLOR

- If PMS color matching is required, please use original Pantone + Solid Coated swatches in your artwork. Modifying Pantone names will result in printing default color (CMYK)
- CMYK artwork will be produced "As Is". Our color output is balanced and vibrant.
- Convert RGB art to CMYK if possible.
- If you are sending Certified Color Proofs (Gracol, Swop, Fogra), please provide ICC file information used to print your samples. Best option would be to include ICC chart on your prints.

ARTWORK IN THE STRUCTURE

- Please note that any panels going in the metal frame will hide 1/4" of your art all the way around. If you have a continuous wall where individual panels are divided by metal, use 1.25" spacing in between each panel to account for gaps and the natural flow of the graphics.

ACCEPTABLE FILE SOFTWARE

We are capable of working with both PC and MAC based software, and can accept art created with the ADOBE Creative Suite - Illustrator, InDesign, and Photoshop

Always provide the following:

- Native files with fonts and links (zipped)
- High-res PDF-X/4 exports of the files

ACCEPTABLE FILE TYPES and SUPPORT FILES

NATIVE FILES:

- AI CLOUD (CC) file with Packaged supporting links and fonts. You may keep images linked but Packaging feature must be used.
- AI (CS6, CS5, CS4...) file with embedded links and outlined fonts
- EPS file with embedded links and outlined fonts
- INDD file with Packaged supporting links and fonts

PRINT FILES:

- High-res PDF-X/4 (preferred)
- AI with PDF content (choose this option when saving file)
- EPS files with embedded links and outlined fonts

RASTER OR BITMAP ART:

- Photoshop EPS (preferred, use 8-bit preview, Max, Quality JPG compression)
- PSD (make sure font layers are rasterized)
- TIFF, JPG (quality 8 and higher)

Mac users: Use Zip or Stuffit programs when submitting fonts other than OTF (Open Type Fonts)

WAYS TO SEND ARTWORK

• Files below 10 MB can be delivered via email. Larger files may be posted to Freeman's FTP site. You may get the password and other needed information from your Freeman service representative in order to post files. However, a hard copy proof and backup of the files on CD-Rom/DVD may be required to be sent via overnight delivery in addition to posting the electronic files. Please call (615) 884-5785 for assistance.

UNION JURISDICTIONS COLUMBUS, OH

To assist you in planning for your participation in this upcoming exposition, we are certain you will appreciate knowing in advance that union labor may be required for certain aspects of your exhibit handling. To help you understand the jurisdiction of the various unions, we ask that you read the following:

EXHIBIT INSTALLATION AND DISMANTLING:

Currently we have an agreement with the Local Stagehand Union to provide labor for display installation and dismantling. Full time employees of the exhibiting companies may set their own exhibits without the assistance of this Union. Any labor services that may be required beyond what your regular full time employees can provide must be rendered by the Union or an Exhibitor Appointed Contractor. Labor can be ordered in advance by returning the Display Labor Form, or at show site from the Freeman Service Center.

MATERIAL HANDLING:

Exhibitors and full time employees of exhibiting companies may hand carry their own materials into the exhibit facility. However, the use or rental of dollies, flat trucks, pallet jacks or other mechanical equipment is not permitted. Freeman has the responsibility of receiving and handling all exhibit materials and crates, with the exception of items Exhibitors hand carry. Freeman will control access to the loading docks in order to provide for a safe and orderly move in/out. Unloading or reloading at the dock of any and all contracted carriers will be handled by Freeman.

Vehicles must not be left unattended at the loading areas. Any unattended vehicles will be towed at the owner's expense.

Fire Marshal regulations absolutely prohibit the storage of empty containers in the exhibit hall. Arrangements have been made with Freeman to store empty crates and containers. Please refer to the Material Handling section of this manual for information regarding the handling of empties, disposal of skids, etc.

GRATUITIES:

Tipping is expressly prohibited. This includes such practices as giving money, merchandise or other special consideration for services rendered. Please do not give breaks other than mid-morning and mid-afternoon, when the union has a scheduled 15 minute paid break. Meal breaks are one hour. Any attempt to solicit a gratuity by an employee should be reported immediately to the Exhibit Manager or a Freeman Supervisor.

SAFETY:

Standing on chairs, tables or other rental furniture is prohibited. This furniture is not engineered to support your standing weight. Freeman cannot be responsible for injuries or falls caused by the improper use of this furniture. If assistance is required in assembling your booth, please order the appropriate labor on the Display Labor Form and the necessary ladders and tools will be provided.
